He is a master planner and excels at creative, unique and challenging one-of-a-kind projects. Vince has served in a leadership role on some of our most intricate and complex projects.

Training

- OSHA 10hr and 30hr Safety Certification
- First Aid Certification
- Foreman / Supervisor Training

Relevant Construction Experience & Accomplishments

Residential

Mitchell Road: *Pittsford, NY 14534*

- Managed complete top-to-bottom renovation of an existing 4000 SF ranch home with two additions in 5.5 months. The living and bedroom wings were entirely flipped to improve internal flow and modernize the home. Craftsman inspired trim details and an open floor plan are key elements throughout the home, which was featured in June 2014 Rochester Magazine.

Huber Road: *Fairport, NY 14450*

- Oversaw the renovation of both the first and second floors in less than four months. The 1st floor renovation entailed the Master bedroom and bath, living room, and a sitting room with fireplace. The 2nd floor remodel required converting the floor plan from two to three bedrooms with the addition of two large dormers and two updated bathrooms with custom tile and cabinetry work. A new barreled ceiling covered porch addition gave the home added curb appeal.

Old Mill Road: *Rochester, NY 14618*

- Supervised an addition to the rear of the home, expanding the kitchen and dining room, and creating a family room with features that mimic the existing living room. The new layout includes a powder room, mud hall, laundry room, pantry and deck, and all new finishes.

Alpine Drive: *Rochester, NY 14618*

- Led the extensive renovation of an entire lower level & master suite of an occupied residence. Work on the 1st floor included a new kitchen, mud hall, powder room, work to the living, family and dining rooms, and the front foyer. The 2nd floor work entailed the hallway and master suite.

Royal View: *Pittsford, NY 14534*

- Provided supervision for the renovation of a finished basement including a humidity-controlled wine cellar and a cigar room. A two-story bathroom remodel entails installation of one-piece granite shower floor.

Lake Road: *Webster, NY 14580*

- Managed the new construction of a 2200SF residence with another 1000SF outdoor deck with tremendous views of both Bay and Lake. Very modern finishes include exposed concrete floors, stainless steel cable stair rails, and many types of tile and stone. The home is equipped with state-of-the-art technology: a high-tech security system, a hi-fi system with speakers installed throughout, an automated system for temperature control and lighting, and motorized insect screens and window shades.

Relevant Construction Experience & Accomplishments

Commercial

Branch Accuncture: *2 Thornell Road, Pittsford, NY 14534*

- Supervised the transition of this former church turned accounting firm into four treatment rooms plus an office, a kitchen, rest rooms and a break room. The walls are clad in Cyprus, the ceiling features antique barn wood, and the carpets are sisal which is made from natural fibers.

ROC Brewing: *54 S. Union Street, Rochester, NY 14607*

- Managed the renovation of part of the former Veterans of Foreign Wars building for ROC Brewing, a micro brewery producing beer on the premises. The main space features an open ceiling and modern, stainless steel walls and doors, which contrast with the traditional wooden bar.

CJS Architects: *54 S. Union Street, Rochester, NY 14607*

- Oversaw the renovation of a portion of an old VFW building for a local architectural firm. The project included extensive mill work, including custom built Baltic Birch architectural work stations.

Niagara Falls Air Force Base - Bldg 612 Renovation: *Niagara Falls, NY 14304*

- Managed the cast-in-place reinforcement of existing steel column bases.
